Application for Digging Permit

In order to excavate soils, place fill material, grade, perform directional boring or core drilling, saw cutting, or conduct paving operations on any property maintained or operated by Salt Lake Community College you must first obtain a Digging Permit. Complete this application and return to the Office of Facilities Planning & Construction at the address above no later than 5 working days prior to the planned digging date. Upon receipt of this application, Office of Facilities Planning & Construction will evaluate the request and prepare a digging permit. The Digging Permit must be picked-up and signed by the applicant on or before the day that digging is to begin. No digging shall take place until the applicant has obtained a valid Digging Permit.
