

Optimum Value Medication List

SEE HOW YOUR
BENEFITS CAN
HELP YOU SAVE.

Find out if your medication is on the list

Are you on a medication to prevent or manage a condition? Looking for ways to save? Take a look at the value-based medications on this flyer. If you see your drug on the list, you can save.

Medications that offer the best value

In addition to leading a healthy lifestyle, the medications listed on this flyer can help prevent many illnesses and conditions for people who have risk factors.

Following your doctor's treatment plan – including taking prescribed medications as directed – can help you live a healthier life today and avoid serious illness and high health care costs down the road.

If your medication is on this list, your prescription medication benefit helps you save money and stay on your treatment plan. Under some plans, you may not need to pay a copay, coinsurance and/or deductible for the medications in this list.
