Americans have  
a Blue Plan

## Freedom & flexibility in the years ahead

Live anywhere in the United States and enroll in a plan when you're ready. No waiting periods, no hassle. You'll enjoy a seamless transition from employer to retiree coverage and have a single ID card for all your benefits.

## Future-proof your health coverage

Switch to a Regence Medicare Supplement plan at any time—no questions asked! You'll have guaranteed acceptance on a plan that fits your changing health care needs regardless of your health status or any pre-existing conditions.

# Feel confident about choosing Medicare

Comparing your Medicare coverage options can be overwhelming. There are a lot of rules, as well as many prices and companies to choose from. That's why we've partnered with your employer to connect you with Regence Medicare Advantage coverage that combines your hospital, medical and prescription drug benefits all in one easy-to-use plan.

## Health care that fits your budget

We've got plans with a \$0 medical deductible. All plans include \$0 in-network primary care visits, \$0 in-network preventive care, \$0 preferred generics and a \$0 prescription deductible for Tiers 1 and 2.

## Care & support when you need it

Open the doors to the care you need—from virtual urgent care to chronic condition support. Affordable options are always a call or tap away.

## Extra benefits at no extra cost

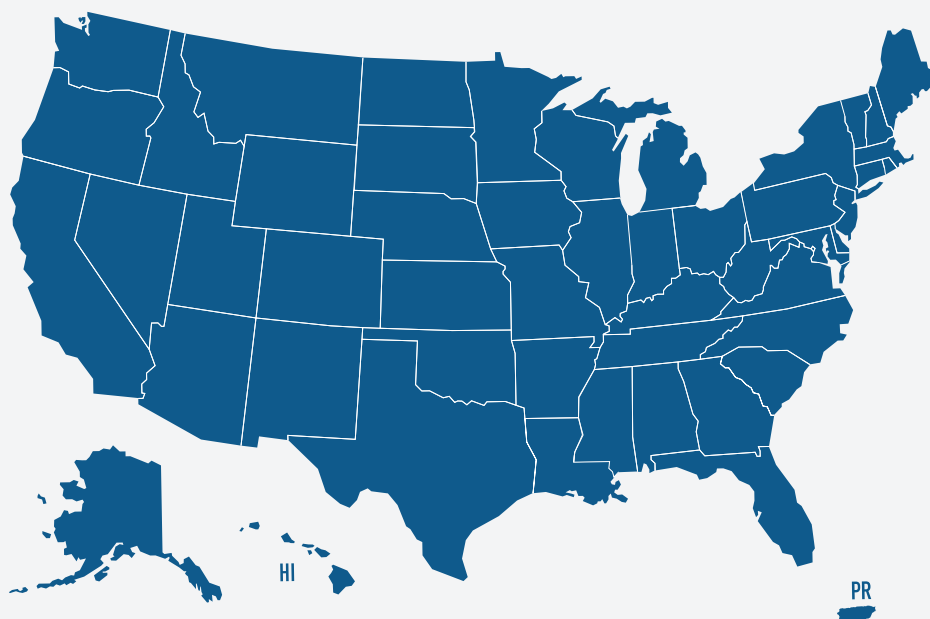

All plans include coverage for routine vision and hearing exams, eyewear, hearing aids and a fitness program. Select plans include dental coverage and a quarterly allowance for over-the-counter items.

## New: Access to Care Line

Give us a call on our Access to Care Line, and we'll help you find a provider or schedule an appointment.

## See the doctors you want

Get access to the Blue Cross and Blue Shield Association's **national network of over 1 million providers** and the flexibility to see any out-of-network provider who accepts Medicare. No matter where you are, you'll know you're covered.

The provider network may change at any time. Participating network providers may be available only in portions of the state. If there are no participating PPO network providers in the area where you live or travel, you'll receive in-network benefits with any provider who accepts Medicare. Out-of-network costs may be higher than in-network.
