

Vision Benefits For You and Your Family

You have two plans to choose from. Both plans help you save money and maintain healthy eyes and sharper vision.

Select the plan that’s right for you

Both plans offer similar coverage, the most important difference is the vision network. You can choose a plan with either the VSP or EyeMed vision network. No matter which you choose, these plans are designed to be easy to use and to save you money.

- You have the freedom to choose any vision provider. However, your benefit dollars go further when you visit a network provider.
- No claim forms. When you visit a network provider, your claim is submitted for you.
- Each network provides additional savings on eyewear and laser vision correction.
