Grade	Approved Titles	General Job Information	Hourly Min Rate	Hourly Max Rate
PI5	Adjunct Instructor	A part-time employee responsible for teaching, grading, assessing student work, etc. on an hourly basis.	\$20.65	\$61.02
PI6	Teaching Assistant	A part-time employee who assists faculty in grading, assessing student work, teaching, sets up labs, etc. on an hourly basis.	\$31.95	\$56.76
PI7	Non-teaching training	To be used for training, professional development, department meetings, etc. for faculty.	\$29.63	
Adjunct Contract	Adjunct Contract	The agreement between the part-time adjunct and the college to teach scheduled courses on a term-by-term basis. The compensation is determined by the contact hour rate and then is distributed over the term agreement.	\$1,000.00	

Instructions & Information

The above table contains the hourly rates, titles and grades approved for SLCC part-time employment. All staff hourly positions are limited to 125 hours per month or less, international, workstudy and adjunct may have separate hourly limits. College Overtime Policy/Procedure. All applicants and new hires must apply and complete an official SLCC application located at the SLCC jobsite. Supervisors are to select a title and corresponding rate from this schedule and complete a Personnel Action Form (PAF). Submit the PAF with all required paperwork to Human Resources in a timely manner, before the employee starts employment. New employees should generally start at entry levels of the assigned range. Students should be given preference. Women and minority hiring is encouraged. Hourly positions are generally variable and therefore carry less responsibility than a salaried position with a similar title. Hourly positions require time entry (tracking of time) and must have appropriate approvals. Employees are expected to complete required trainings within set quidelines, pay may be affected if completion has not taken place. All exceptions to the Hourly Rate Schedule, either title or rate must be approved by the Director, Employment & Compensation. For consideration, submit your request and justification in writing to the Director of Recruitment and Compensation. If your request is for a new addition to the schedule, include proposed title, rate of pay requesting and a short 2-3 sentence description of duties and written justification on why the position is needed. If a department chooses to convert an hourly position to a full-time, regular position, the department must provide funding for full benefits, with the appropriate approval and complete the hiring process. Part-time hourly rates are not associated to full-time rates. Part-time Adjunct Instructors, refer to the Adjunct Workload document for limits. Full-time Administrators/Staff, working in an adjunct capacity may not exceed 50% of normal full-time teaching load. The employee wishing to teach as adjunct faculty will need to have the permission of their current supervisor, meet the qualifications as required, and be selected by the appropriate academic administrator following College hiring procedures. If the adjunct teaching interferes with the employee's regular job, as determined by the primary supervisor, the employee may be required to give up the teaching assignment. Full-time Faculty may teach overload following the procedure listed in the Full-time Faculty Handbook for Compensation & Workload. A "Contractual Services Agreement" is used when you want to pay a person who is not an employee of the college for a one-time project. Please contact the Accounts Payable Office.
